

Mimio Setup and Support

This one-hour, live, online training session outlines how to setup and use your Mimio Interactive Bar.

Participants will learn:

- * How to download Mimio Studio
- * How to power your Mimio bar
- * How to attach your Mimio bar to your existing board
- * Where to attach your Mimio Interactive bar to your existing board
- * How to calibrate your Mimio device in Interactive Mode
- * How to change from Interactive mode to Capture mode
- * How to set your board size for Capture Mode
- * How to use the buttons on your Mimio bar in Capture mode
- * How to troubleshoot common technical issues

During the session, you will have the opportunity to ask questions and interact with other participants. The session will help you advance your Mimio skills and use the product more effectively. Participants are encouraged to attend additional sessions, to maximize their abilities with Mimio products and bring their teaching into the 21st century!
